

# Ecommerce

**Find Vendors Nearby  
Book Your Groceries  
Goods Delivered at DoorStep**

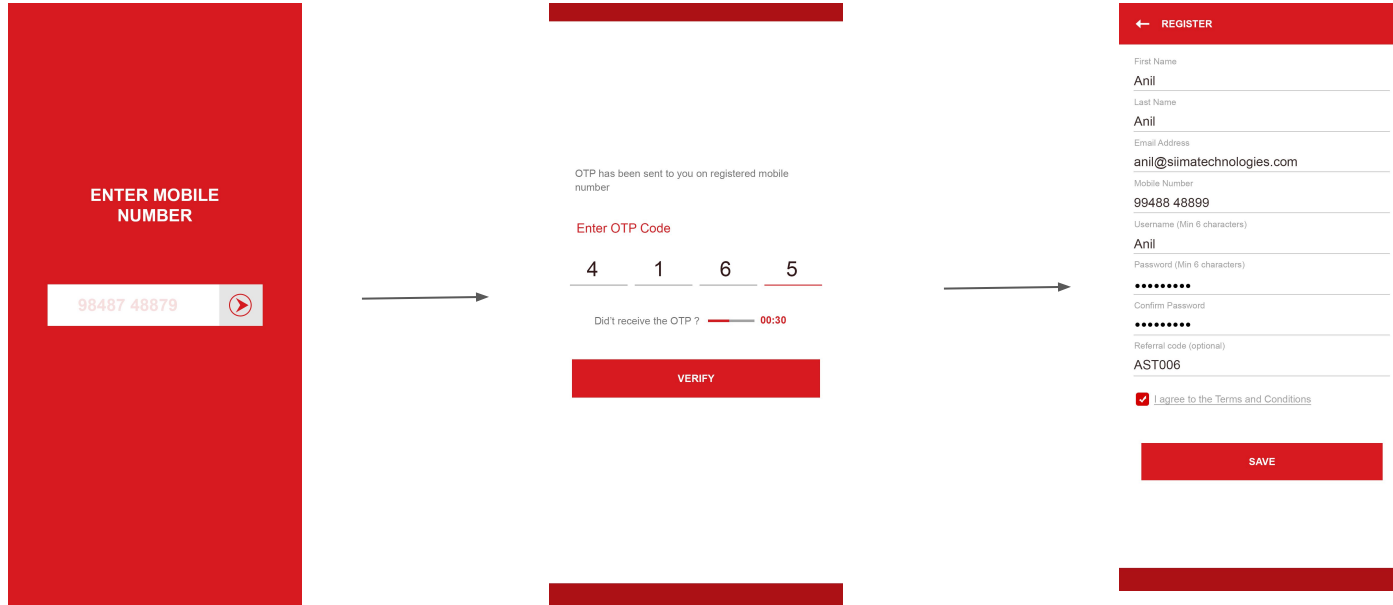

# CONCEPT

- Ecommerce a hybrid retail platform that focuses on Shopping Groceries at the nearby shops that delivers goods at your door step.
- Consumers can browse and search the products available in the categories they want. In a few minutes, the whole grocery shopping is availed at their doorstep.
- The other good thing with this shopping modality, consumers get what they want, there are no inconveniences associated with them. This makes grocery apps a way to go for the coming years.

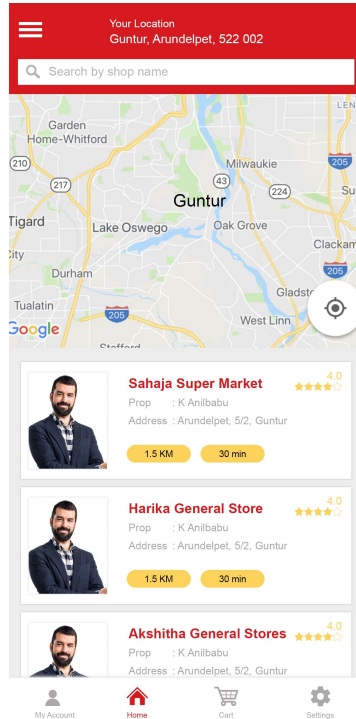

# Why Using E-Commerce App?

- No Queues at check-out Counters.
- More Comfortable Virtual Selves & Search.
- Delivery Charges are Quite Reasonable.
- Online Specials are Available.
- Easily Available
